Shipping not included

Msgr. Georg Ratzinger writes about the close friendship that has united him and his brother Joseph for more than eighty years. This book is a unique window on an extraordinary family that lived through the difficult period of National Socialism in Germany. Those interested in knowing more about the early life of Pope Benedict XVI will not be disappointed. They will also learn of the admirable character and inspiring example of the parents and see how the Catholic faith shaped not just a family, but a culture.

Georg's reminiscences are detailed, intimate, and warm. And while they begin with the earliest years of the Ratzinger family, they continue right up to the present day.

This is not simply a book to satisfy curiosity about a "celebrity", though it certainly will do that. It is a beautiful portrait of Catholic family life and, in the most literal sense, of enduring fraternal charity. Georg has a talent for telling a story, and the co-author, Michael Hesemann, fills in some of the historical background. Many photographs, both in black and white and in color, round out a thoroughly enjoyable and inspirational book.

***“An evocative portrait that sheds new light on the experiences that shaped some of the thinking of Pope Benedict XVI.”*** - George Weigel

***“We are granted an intimate look at the life of one beloved brother through the eyes of another.”***

- Fr. Benedict Groeschel
