## Abraham

### Revealing the Historical Roots of our Faith

*Stephen Ray*

Stephen Ray emphasizes that unless we understand the innate “Jewishness” of Christianity and our Old Testament heritage, we will never fully understand our Faith, the Church, or even salvation itself. These are rooted not only in the early Church but 2000 years before that, in Abraham. With his infectious enthusiasm, Stephen helps us to learn the deep truths of scripture that God taught through Abraham.

“An enlightening look into the family tree of the Catholic Faith, solidly planted by Abraham... a treasure to share with everyone!”

*Judy - Essex, VT*

“This CD should be mandatory listening for all Protestants who have friends who converted to Catholicism.”

*Dan - Milledgeville, CA*

“An outstanding explanation of Protestant objections to Catholic beliefs. Very interesting and informative as can only be done by someone who has used all those arguments to draw Catholics away.”

*Vivian - Georgetown, TX*

“So utterly powerful! Mr. Ray gives a wonderful talk about the history of salvation and builds the case for justification through faith and works!”

*Mike - Hamilton, New Zealand*

“Such a deep-rooted faith have we! Thank you, Mr. Ray, for the depth of your understanding and for the engaging discussion about Abraham!”

*Mary - Yorba Linda, CA*
